

IGEL ADVANTAGE GROUP

Design Workshop

More than just a setup - your new Technology Blueprint

IGEL Advantage Group experts sit down with you and your team to explore, design, and document your IGEL environment and needs.

IGEL Universal Management Suite (UMS) Server Setup:

- Sizing (up to 5 servers / load balancer)
- License Management
- Backup Strategy (HA/DR)
- Location Strategy

Design Workshop Services Include:

- Cloud Enablement (including WVD)
- Remote Management
- Return on Investment / Total Cost of Ownership review
- IT Headcount Measurements
- Licensing Cost Analysis
- Active Directory Integration
- Backup Strategy (HA/DR)
- Product mapping for Citrix / VMware / NoMachine utilities
- Lakeside (Systrak) monitoring inclusion review and trial
- Business Continuity Review
- 3rd Party Integrations

“The IAG reviewed our IGEL environment for scalability, high availability, and cloud enablement.”

Workshop Outcomes

- ✓ **Documentation:** Complete documentation of reference architecture in best IGEL practices
- ✓ **As Built:** As-built diagrams at stage of implementation, including recommendations, maintenance suggestions, and guidance
- ✓ **Reference Library:** Access for resource library, frequently asked questions, and IGEL resources

Pricing & Delivery

The CPC IGEL Advantage Group Design Workshop can be fully customized. The **IAG Budget-Keeper Commitment** will work to ensure the best budget fit possible for your organization, big or small.
